BACHILLERATO DUAL AMERICANO - DECEMBER 2021

HELLO AND WELCOME TO OUR **LKAHS NEWS** FOR THE **DECEMBER MONTH!**

**...AND WHAT A MONTH!**

## WHAT DO YOU KNOW ABOUT THANKSGIVING?

Who hasn't heard of this national festivity in the United States and Canada? But, what do you know about it? Well, it basically celebrates the harvest and other blessings of the past year. Americans generally believe that their Thanksgiving is originated on a 1621 harvest feast shared by the English colonist of Plymouth and the Wampanoag people. The American holiday is particularly rich in legend and symbolism, and the traditional fare of the Thanksgiving meal typically includes turkey, bread stuffing, potatoes, cranberries, and pumpkin pie. With respect to vehicular travel, the holiday is often the busiest of the year, as family members gather with one another! Of course, it is considered the forerunner of the most wonderful time of the year, Christmas!

## MERRY CHRISTMAS!

But also enjoy this time in family and with friends, as for many December is the most magical month of the year! Lights, Christmas meals, meeting family and friends, presents... isn't it wonderful? And by the way...

Did you know that Christmas trees were first used by ancient Egyptians and Romans?

Also, Santa Claus did not always dress up in red clothes, but in green, purple and blue!

"Jingle Bells" was originally a Thanksgiving song

Alabama was the first state in the US to have recognised Christmas as an official holiday!

# INCENTIVES

# CHRISTMAS WARNING!

We encourage you to work hard during the Christmas period. Take advantage of the holidays at school!

Remember that you must finish half of the subjects in the first 5 months of the academic year, so that you can have another 5 months to complete the second half of the courses.

**That means that you should be finishing all the active subjects right now!**

Already done? Congrats! Then, don't waste time and ask your student counsellor to open the subjects that are on hold and keep on working!

**Last but not least:** teachers will continue working during Christmas except on national Bank Holidays. However, LK office will be close! Any urgent issues, write us to:

# GRADEBOOK

In this Newsletter we will pay attention to the Gradebook. Why is it **SO** important, you might ask? Well, it is actually one of the most useful tools in the LMS. Remember that it does not only show your grades, but also...

- ➔ It summarizes the assessments that are included in the whole subject so that you can organize yourself to divide your study blocks!
- ➔ It shows the status of the assessments that you have already sent. Remember that:
  - G** Your assessment has already been **graded**.
  - P** **Pending to be graded**. Your teacher is working on it! Teachers have a maximum of 72h to correct each of the assessments. Please, bear in mind that weekends do not count and also the time zone difference.
  - R** **Rejected**. Ops, something needs to be corrected. Your teacher has left their feedback so that you can know what to do to improve your work.
- ➔ As mentioned, if you click on each of the projects and DBAs, you will be able to see your teacher's feedbacks. Regardless of the mark that you obtain, teachers will always leave their comments on your written and creative work.

# JOURNAL ACTIVITIES

Just previous to the assessments, you must complete the journal activities. It is a compulsory thing, not graded though!

Remember that it will help you to practice all the content of the Lesson right before the BIG exercise, which is the assessment.

At anytime, your teacher might check your Journal and **they will take points off if the activities are missing!**
